FRANCE WILL NOT PAY ATTENTION TO MEXICO MINISTER

President Poincaré Will Decline to Receive Huerta's Representative.

DE LA BARRA IS LIKE
IN POSITION TO DIAZ

Japan would not Accept Him as
Representing His Country—
Rumors Continue—that
Huerta Will Resign.

Paris, Aug. 25.—The Agency National says it is practically certain that both President Poincaré and M. Pichon, the foreign minister, will decline to receive Francisco de la Barra, the former provisional president of Mexico, who recently was appointed minister of France.

His position, it is added, is considered similar to that of Diaz, the special commissioner now on his way to Japan, whom the Japanese government has refused to receive officially.

Keen Anxiety Felt.
Mexico City, Aug. 25.—The keenest anxiety was manifested in the capital today as to what will be the development of the understanding of the United States government in Mexico's internal affairs. Mexico's attitude is one of waiting, while the American resident here, both native and foreign, are displaying deep apprehension.

That President Huerta will make public today the correspondence between the two countries is now a matter of doubt.

Gambao Denies Reports.
The public opinion is expressed here that there will be a swift culmination of all peaceable relations if congress is given an opportunity for free debate on President Wilson's statement of the facts in the case.

Senator Gambao, minister of foreign affairs, denies the reports that Mexico will express any proposal to the United States but expresses the hope that Washington might take to Mexico's note rejecting American demands.

Mr. Lind, President Wilson's personal representative, maintains cordial relations with the foreign office, but little has been done during the past few days. At present official negotiations between the two countries have ceased.

Mr. Lind being now a spectator, if even this, rather than an active participant, it is not expected that he will leave here before President Wilson's message is read.

DYING HUSBAND TELLS WIFE TO RUN ESTATE

Mrs. Jesse G. Williams, of Atlanta, Owns Ninety Per Cent. of Interstate Railroad

Atlanta, Ga., Aug. 25.—Trained by her husband while he death-bed how to manage his estate, estimated to be worth \$10,000, Mrs. Jesse G. Williams will take charge of the properties and conduct them in accordance with her husband's policy.

Jesse G. Williams was one of the South's greatest captains of industry. He was incurably ill for a long time, and during that period coached his wife to become his successor. This gives Atlanta the only woman in the South, and possibly the only one in the world, who owns in her own right a 200-mile interstate railroad and steamboat line.

The railroad is the Georgia, Florida and Alabama road, which runs from Richmond, Va., to Canabell, Fla.

In addition, she is one of the largest land owners in the United States, controlling a quarter of a million acres of farming and timber lands in Georgia and Florida.

After four years' service in the Confederate army, Mr. Williams began work for \$1 a day in the (unpaid) business in South Georgia. Gradually he became a big factor in the turpentine field. He moved to Savannah and built the Georgia, Florida and Alabama road. He came to Atlanta a few years ago. During his life Williams gave large sums to the cause, controlled by Georgia merchants.

CHILLED BEEF IS SHIPPED.
Bismarck, Aug. 25.—The first cargo of chilled beef to be shipped since the recent strike has been sent by the steamer, "Yankee." The cargo consisting of 1,000 quarters is considered as an experiment. More will be sent as this shipment is favorably received.

LITTLE CHANGE MONTH OF JULY

Results of Reports Received by
the Department of Labor
at Ottawa.

Ottawa, Aug. 25.—There was little change in industrial conditions during July as compared with the previous month, according to reports received by the department of labor.

The crop outlook continued satisfactory and gave a reassuring tone to the general industrial situation. A favorable weather conditions prevailed and it is estimated that the western grain crop will be fully up to the average.

Building operations were curtailed to a somewhat marked degree by the money stringency, which also exercised an adverse influence of the trade in general. Immigration was exceptionally heavy and railway and steamship traffic was more active than usual.

Fishing was reported fair on the Atlantic coast, but in British Columbia the run of salmon was smaller than was expected, and the whaling fleets made light catches. Seavilla was active, but the lumber trade was generally quiet as a result of the slackness in the building operations.

Cut lining in Nova Scotia was very active, but operations in British Columbia were still quiet as a result of the dip in the coal market on Vancouver Island.

Seafaring mines in all parts were busy. There was a good demand for labor for railway construction and excellent progress was made.

Generally speaking, employment in the east was good, except among those classes of skilled operatives. In the west the conditions were not as good for workers as last year.

“BREAK HIS BONES,”
SAYS AROUSED JUDGE

Young Man who Laughs at Grand-
mother's Suicide Attempts Is
Scolded in Court

New York, Aug. 25.—Misses Hen-
rietta Tillman, 72 years old who has
recently made several attempts at
suicide, was placed in the care of one
of her sons, Hugo Tillman, of 248
South Eleventh street, Newark, by
Police Judge Charles F. Herz.

A grandson of the aged woman, Carl
Tillman, laughed over the proceedings
and was ordered out of the court
room by Judge Herz, who said to the
father of the boy:

“If that was my son, I'd break
his bones in his body.”

Judge Herz had heard that the
young man had said it was too bad his
grandmother didn't make a “good job”
of her attempt at suicide.

“THREE KILLED IN MINE”

Colliery Ont., Aug. 25.—Within the past
twenty-four hours the mines of the Colliery
have claimed three victims. Early
this morning West, a worker, and a foreman
Lahoe, were instantly killed while
struggling with a low level of a conveyor
when it was working on a drift at once and it
dropped a large quantity of material.

Another worker, John, was killed
when he was trying to help another man
place an ore car on the track at the Ken-
dall shaft of the Niagara. The heavy car
fell on him, crushing him fearfully about
the hips and he died this morning.

ROBBERS KILL WATCHMAN

Brantford, Ont., Aug. 25.—Word has
been received here of the murder in
the neighborhood of Brantford, Ont., of
J. G. Pickett, of the local force. Young
Pickel, who was employed as a watchman,
had been killed by two robbers who had
broken into the property of his employers and
had shot him. One of the robbers had been
in connection with the case.

SHOWERS MAY STAY FIRES

Halifax, N. S., Aug. 25.—Gathering
clouds this morning give some hope of
showers to stay the forest fires. Burning
a swath two miles in width, the fire is now
within half a mile of Sargay Club, the
summer residence of E. B. McCarty. Fire
is also threatening the summer residence of
Mr. MacKenzie.

Mount St. Vincent was threatened last
evening and the Mother Superior asked for
assistance from the Halifax garrison.
Summer dwellings are being abandoned
as a number of places.

BAD FIRE AT MARYFIELD.

Regina, Sask., Aug. 25.—Fire broke
out at Maryfield, Sask., at 1 o'clock
this morning, and totally wiped out the
building and contents occupied by the
Old Fellows and Masonic lodges; also
burned the warehouse occupied by the
Cookshill Plover company. White Brothers
furniture and undertaking was also
burned. The main building and general store was also
burned.

EXPLOSION KILLS ENGINEER

Revelstoke, Aug. 25.—One of the worst
accidents on this division of the C.P.R. in
recent years occurred Thursday afternoon
at a point three-quarters of a mile west
of Moberly station, when Adam Halliday
engineer, number 9851, exploded.
Killing Engineer Adam Halliday
instantly, and seriously injuring
Matthews so badly that he died a few hours
afterwards, and seriously injuring head
and Drakman A. MacEachern.

TURKEY DEALS DIRECTLY V. NOW BULGARIA

Sublime Porte Remains Firm
Regarding Adrianople and
Kirk Killisch.

FRIGHTFUL STORY OF
MASSACRE RELATED

Bulgars Are Called a Deceitful
and Ferocious People Who
Should Not Be Allowed to be
in Possession of Adrianople.

London, Aug. 25.—The sublime
porte has opened direct negotiations
with the Bulgarian delegate, Mr. Noe-
bovitch, who has resided in Con-
stantinople since he went there at the
outbreak of the second war to ne-
gotiate the Constantinople peace.

It is understood that the Porte re-
mains firm with regard to Adrianople
and Kirk Killisch, but is prepared to
make concessions in other quarters.

Pierre Loti, the French writer, un-
der Constantinople, sends to the
Daily Telegraph a vivid story of his im-
pressions on visiting Adrianople and
the surrounding districts. Mr. Loti
says:

“The Bulgarians have made of
Thrace a desert, surprising in absolute
everything I had been told and
that I imagined. With what fury have
these Christian liberators worked in
order to accomplish so much destruc-
tion in a few months?”

He describes crimes and massacres
and violation and desecration in all
the Turkish villages, and asserts that
Adrianople was destroyed by a
miracle because the Turks arrived a
day earlier than was expected and so
destroyed the Bulgarian plans for a
similar massacre there.

Mr. Loti contrasts the story of several
thousand Turkish prisoners being
herded on an island and then allowed
to starve to death by the Bulgarians,
those who survived starvation being
massacred, and recounts in the strong-
est terms Europe permitting
Adrianople to be handed back to the
Bulgarians.

He says to do so would be a crime
and expresses the belief that the Rus-
sians have been misled and that when
they know all the monstrous truth
they will realize that to take the case
of “this small, deceitful and ferocious
people, this abomination of the great
east family, would be to sell their his-
tory with an indelible stain.”

For the past four months financiers the world over have been watching the grain crop of western Canada and

The Australians are not tainted with the Borden government's fear of doing things for themselves. It is easy to see why the tory press is anxious to pervert the meaning of the Australian Commonwealth Government's message to the Empire.

THREE CLUBS IN W.C.L. FOR SALE

Three franchises in the Western Canada league are for sale. They are Edmonton, Calgary and Saskatoon. No offer has been made for the Calgary franchise, at least none that would be considered by that club. Deacon White and Tom Rook, it is understood, have made an offer for the Edmonton franchise, but no deal has been concluded yet. Deacon White said that he would withdraw from the league because he had not been treated properly, therefore the league will have his franchise to place on the market in the spring.

So far as the Edmonton franchise is concerned, it has been known for weeks that Deacon White was seriously thinking of taking it over and placing the business administration of the club on a footing equal to the playing management. With an efficient business administration, the club should be near the top of the league.

An arrangement has been concluded between the Argentine and British governments for surveying a railroad from La Quijana to Tupiza.

Overcoating Season

You have undoubtedly seen in your travels an Overcoat which impressed you with the fact, that the wearer had come in contact with a high-class tailor, and was a person of caste. This same overcoat we have given unlimited time to select from the very best designers of the world, and have them here for your early inspection. If you would wear one of these coats you must select now. We have had to give time to the mill to weave them, now you must give us time to make them. There is only one hundred—no two alike and they must all be completed before that cold snap comes.

Ever Have Cramps, Nausea, Vomiting? THEN USE NERVINE

For Stomach Pains and Cramps, No Remedy so Prompt as Nervine.

A Westerner's Experience Related.

"It is in an unsettled part of the country like our West that proves the how valuable Nervine is. In the home," writes Mr. Patrick M. Dehany, of Port Saskatchewan, "Nervine is frequent—a but drink of Nervine sends life circulating through the body in three minutes. Cramps or sudden illness at night is one of our terrors. No druggist or doctor is near, but if Nervine is handy you can get relief. The worst cramps Nervine has cured in my children in half a minute. I don't think any former's wife has any right to be without the protection of Nervine. In our family we use it for a hundred ills, and it cures them all. One night one of my kiddies had earache and another toothache. Without Nervine no one could have slept—I applied it as directed, and the child's pains disappeared. My husband uses Nervine for lame back, rheumatism, aching joints and all sorts of muscular pains. It is as good inside as outside, and is much a part of my home as my kitchen sink."

You find a thousand uses for a good family remedy like Nervine. Get the 50c family size bottle; it's more sold by all druggists and grocers, or The Caltarion Co., Buffalo, N.Y.

LACROSSE IS DEAD.

New Westminster, Aug. 25.—Vancouver's Mann cup holders are a long way from showing the class of their predecessors. On Saturday the champions played as a junior aggregation, the Royals winning by a score of 18 to 3. As has been the case since the split in the professional league there were less than 50 people at the grounds. It is doubtful if any team will beat this fall, the split in the league having had a disastrous effect on lacrosse in British Columbia.

LALONDE DRAWS WELL

Toronto, Aug. 25.—The fans of Newey Lalonde drew a larger crowd to Scarborough Beach Saturday afternoon than was generally expected for the last of the season games, and the people who turned out saw an excellent exhibition of lacrosse. The Nationals defeated the Torontos by the close score of 8 to 3, but if it had not been for the excellent goal keeping of Lalonde, the blue shirts might have pulled out a victory in the second half.

THREE CHALLENGES

Vancouver, Aug. 25.—Three challenges have been received for the Mann Cup. Armstrong, B.C., and the representatives of Winnipeg challenged last week and yesterday a challenge was received from the Oakbay team of Victoria. The Armstrong challenge is the only team so far accepted by the trustees and cupholders.

United States turpentine output for 1910 was valued at \$18,538,724.

There are 8,747 canning establishments in the United States, employing 30,268 persons.

CONTRACTS AHEAD

Toronto, Aug. 25.—The play between the Australian and the all-American cricket teams at Toronto on Saturday was of the very best. The Cornstalks battled with the utmost freedom and converted their overnight score of 88 to the huge total of 428. The all-Americans made 140 for seven wickets, so that they are facing certain defeat when play resumes tomorrow.

QUEBEC TEAM PICKED.

Winnipeg, Aug. 25.—The Quebec team to travel next week to the big Soccer gathering at Fort William, when the Governor General's Cup, emblematic of the Amateur Soccer championship of Canada will be played for, was decided today when Lachin defeated Jenkins after extra time by 2 to 1. Teams from Ontario, Quebec, Manitoba and Saskatchewan will meet at Fort William in the big games.

NEW COURSE OPENED.

Winnipeg, Aug. 25.—Winnipeg golfers defeated a delegation of Regina county club members here yesterday, the occasion being the opening of the new course of the Winnipeg Golf club at Birds Hill.

800 WILL SHOOT.

Ottawa, Aug. 25.—Over 800 of the crack shots of the militia of Canada are here to attend the annual meeting of the Dominion of Canada rifle association which opened at the Rockcliffe rifle range this morning.

BIRDIE CREE AGAIN COMING INTO FOREGROUND

(Birdie Cree).

Two years ago Birdie Cree, the Yankee left-fielder, was considered one of the most dangerous hitters in the game, but it was said that Cree had lost his batting eye. Now Birdie is again leaning on the horse hide in the good old-fashioned way. Out of four times up on Saturday he made three hits.

Weary Tiredness Changed to Vigor

That Played-Out Feeling Was Quickly Remedied and Health Restored

Story of a Merchant Who Almost Lost His Business and His Health Through Neglecting Early Symptoms of Disease.

"My life for years has been of a nervous character," writes T. B. Titchhead, of a well known firm in Buckingham. "Nine hours every day I spent at office work and took exercise only on Sunday. I disregarded the symptoms of ill-health, which were all too apparent to my family. I grew thin, then pale, and before long I was jaundiced—eyes and skin were yellow, my strength and nerve energy were lowered, and I was quite unfit for business. In the morning a lightness in the head, particularly when I bent over, made me very worried about my health. Most of the laxative medicines I found weakening, and knowing that I had to be at business every day I needed myself rather than risk further weakness. Of course I grew worse, but by a happy chance I began to use Dr. Harnell's Pills. I was forcibly struck by the fact that they neither caused griping nor nausea, and it seemed incredible that pills could tone, cleanse and regulate the system without causing any unpleasant after effects. Dr. Harnell's Pills acted with me just as gentle as nature—they gave new life to my liver, strengthened my stomach, and won me back to perfect good health. My skin is clear, dizziness has disappeared, and my appetite, strength, spirits are perfect."

Refuse anything offered you instead of Dr. Harnell's Pills, which are sure to cure. Sold in 25c boxes, five for \$1.00, at all druggists and storekeepers, or sent by mail from The Caltarion Co., Buffalo, N. Y., and Kingston, Canada.

IMPORTANT VICTORY FOR AMENDMENTS

Secretary Bryan Gives His Endorsement of Measure and Defeats Inaugural Amendments.

Washington, Aug. 25.—Supporters of the administration "curse" bill scored an important victory in the house democratic caucus yesterday, when they brought to their aid an important endorsement of the measure from Secretary Bryan and defeated proposed insurgent amendments that would have prohibited the inclusion of corporations in national or state banks incorporated under the proposed new law.

Secretary Bryan, in a letter addressed to Carter Glass of the currency commission, approved the bill as it stands, declaring President Wilson has recognized fundamental rights of popular control in its provisions. He asserted that the plank of the democratic platform against interlocking directorates was aimed chiefly at trusts and big business, and that the measure would be played for by the president and not to load down the currency bill with any amendments that might endanger its early passage.

WILL HAVE DATES.

Winnipeg, Aug. 25.—If the Young conservative lacrosse team decides to go west after the Mann cup, they will be given dates following the games between the holders and the Armstrong B. C. challengers.

THIRTY TO FIVE SCORE.

Peterboro, Aug. 25.—A failure on behalf of Bramble to leave the grounds after he had been twice ordered to do so by Umpire Day ended the first game Saturday and Peterboro won the second 30 to five as the visitors did not try to play. The first game was forfeited.

SPORTOGRAPHY.

HUGHIE MEHEGAN, AUSTRALIAN LIGHTWEIGHT, 27 TOMORROW

Hughie Mehegan, the Australian boxer who was heralded a few years ago, with a great blare of trumpets, as the coming lightweight champion of the world, seems to be about ready for the has-been club. Hughie was born in Melbourne, August 26, 1886, and will pass his 27th milestone tomorrow, which is getting along in years for a boxer. Mehegan's last fight was pulled off early last month with Matt Wells, former English lightweight champion, as his opponent. Wells was given the decision, although the bout seemed to have been a close one, and many spectators believed that Mehegan had won. That Hughie is still a drawing card with his countrymen may be gathered from the fact that 17,000 fans turned out to see the performance. The bout was the third between Wells and Mehegan. They fought first in London last September, and the Australian won on a foul. They fought again last February, now in London, and the English boy was awarded the victory on points. Mehegan then returned to Australia, and Wells soon followed.

Mehegan stands 5 ft. 7 1/2 ins., and is well built and looks every inch a fighter. He began fighting in 1905, and was usually the victor, although in 1907 and 1908 he lost to Frank Thorn in four successive 20-round bouts, and was knocked out by a fighter named Arthur Douglas. Early in 1909 Mehegan fought Rudolph Unholz, the Boer, in Melbourne, who was on a pull, but in the next round with the African Hughie was stopped in the second inning. He next defeated Arthur Douglas, by whom he

had once been knocked out, and in two later battles thoroughly convinced Douglas that he wasn't the class. He took on Johnny Summers when the "praying kangaroo" visited Sydney in 1910, and the Englishman won by a knockout in the nineteenth. Later in the same year he held Summers to a draw and knocked out Cyclone Johnny Hughes in the eighth round. He has since had the Australian papers beating Mehegan as the coming champion. In 1911 Hughie defeated Ray Brown, the Indian boxer, and knocked out Jim Armstrong, Charlie Griffin and Frank Plesko. His next important bout was with Jimmy Clabby, and the American was given the decision at the end of 20 rounds. Hughie then went to London, where he was defeated by Freddie Welsh,

ENGLISH CRICKET

London, Aug. 25.—Although the cricket championship is as yet undecided, Kent needs to win only one first innings to make them secure their present percentage being 50 with Yorkshire second with 75-30. Kent beat Hampshire by 158 runs. Warwick collapsed completely in the match with Middlesex. The latter team winning by an innings and 37 runs. The Worcester-Surrey match ended in a draw. Surrey's first innings were declared at 203 for five. Essex scored 267 for seven wickets in their first innings. Lancashire making 368 for nine. The match was unfinished and declared a draw. The Yorkshire versus England XI match was also drawn.

TOO LATE FOR CLASSIFICATION.

SOULTERS ARE SETTING NEAR HUDSON'S HOPE

Over 100 Families Have Occupied Land in Vicinity of Post.

S. R. CHARLES DRIFTS DOWN RIVER IN RAFT

Prospectors Find Valuable Deposits of Gold to West of New Town.

"In spite of the fact that the country around Hudson's Hope has never been surveyed nor thrown open to settlement there are only a few families occupying land in the immediate vicinity of the post, and in addition to these there are hundreds of prospectors working the country to the west, and they make Hudson's Hope their headquarters," says Mr. S. R. Charles, who has just returned from that country on his way through to the east. Mr. Charles, who was formerly a resident of Chicago, but is now living at Hudson's Hope, arrived in the country on Saturday en route to the farm home in the Windy City. He has been in the north country since the first of the year, and is greatly delighted with conditions as he found them. On his way out from Hudson's Hope he made a record trip. From Hudson's Hope to Peace River Crossing he travelled alone on a raft, the first that he had ever operated and made the trip in two and one-half days, where old river men assured him that he would require at least three days for the journey.

Vegetation Advanced.
Mr. Charles stated that the vegetation is much further advanced in that district than it is in the section around Edmonton. Vegetables and wheat grain has been planted here and harvested with very satisfactory results. At present time there are about 100 persons at Hudson's Hope, 50 or 60 of these being located on land which is now surveyed but not open for settlement while the remainder are squatting on unsurveyed territory.

Speaking of Hudson's country as a field for stock raising Mr. Charles states that a more perfect spot could not be found. The pastures are especially luxuriant and the weather is such as to allow of cattle ranging the country at will. The climate is mild and the wind sweeping through the Pine Pass and Laurier Pass have no incalculable effect upon the climate.

Mr. Charles leaves tomorrow for Chicago, where he will remain during the winter, returning early next spring and bringing with him two of his sons who will locate with their father in the north country.

Prospectors Working.
As is the case throughout the whole of the north country, a large number of prospectors have been at work around Hudson's Hope for some considerable time past, and Mr. Charles stated that many of them had met with excellent results. The lack of transportation and the prohibitive cost of bringing machinery into the district has made it impossible to carry on any extensive work on the deposits which have already been discovered. Numerous claims have been staked out, Mr. Charles stated, and their owners are patiently waiting the time when the coming of steel will enable them to be worked at a profit. Iron deposits have also been discovered in the Hudson's Hope district and according to Mr. Charles, there are indications that borax deposits would show that coal is also to be found. "In fact," said Mr. Charles, "this mineral possibility of the Hudson's Hope district are almost unbounded, and when the region has been fully opened up, it will be found that the country is one of the richest mineral producers in the world."

BOY DROWNED WHILE WADING IN STURGEON
Companions Make Effort to Rescue Him But by Time He Was Removed 'Life Was Extinct.'

While wading in the Sturgeon river at St. Albert yesterday afternoon a boy of Edmonton, 16 years of age, was drowned. He went under in full view of his companions who were doing every effort to rescue him, but without success. Accidental poisoning was resorted to when the boy was recovered, but after working for nearly an hour the men who had been summoned saved up.

The boys had taken a bicycle trip to St. Albert, leaving here yesterday morning, and were cooling themselves by bathing in the river when young Price apparently took a swim, and after throwing his arms in the air and crying out, sank before the others could reach him. His body was recovered in a deep hole near the bank.

The body now lies at Connelly and McInnes's parlors awaiting instructions.

DESPONDENT WOMAN USES CARBOLIC ACID
Threw Bottle Over Her Husband Then Drank Some of It Herself—Both Will Recover.

Despondent because, as she thought, her husband had been neglecting her, last night Mrs. Buckenham of 815 Broadway avenue, after fighting with him, threw a quantity of carbolic acid over his head and shoulders, then took a glass herself. The man at once sought medical aid, but parties being removed to the Royal Alexandra hospital in the police ambulance, where their injuries were given attention. She was badly burned about the mouth and face and the husband suffered severe burns on his arms and neck. Emmet was given to the women and she is reported to be progressing favorably. He is also the husband.

LOSS FROM FIRE SHED HEAVY

Storage Warehouse and Paint Shop on Second Street Gutted.

After weeks of idleness the fire blades of the city were called out three times between 6 p.m. Saturday and at 10 a.m. yesterday. The most spectacular blaze was that of the building in the rear of 719 Second street, which was discovered to be on fire shortly after 6 p.m. It was used as a storage warehouse and paint shop by the Adams Express company and the Grumb Sinn company who leased the building.

Quick to the fact that dense volumes of smoke poured forth from every window and door the task of saving the building was very heavy. Very flames being visible and the building being impossible to enter. After some 15 minutes' work in which nine streams of water were used the place was considered under control. The building itself is owned by D. W. McDonald and valued at \$25,000 covered by insurance, while the Adams Express company place their loss at \$10,000. Half of the loss is insured.

Practically the entire stock and plant of the Grumb Sinn company who owned the building was destroyed with about \$1,000 damage.

Land Mark Burned.
One of the oldest fires destroyed what is believed to be the oldest land mark in the city, being erected in 1871. This is a record house and is now used as a church by St. Mary's Anglican church. The place is situated just beyond the water system in Virginia Park, making the work of the firemen practically useless as they could get no water with which to fight the fire. After salvaging the contents they were taken to the old building and the old building gradually being demolished by the flames.

Early yesterday morning the brigade received a call from First street near May street but it turned out to be a false alarm.

NEWS OF THE CITY
Crop Prospects Good—Crop prospects in the north country are very bright, and harvesting will be general before the end of the week according to C. B. Walker, manager of the Grumb Sinn company at Grosart. Mr. Walker, who is reported to be the youngest manager in the employment of the Grumb Sinn company, the principal crop in the Peace River country last year, Mr. Walker stated, will be good. Wheat is selling for \$1.75 a bushel.

Agri-Cultural Experts Depart—The party of agricultural experts from the University of Alberta left for their respective homes Saturday and Sunday left early this morning for the east, their private cars being attached to the local train.

Chosen Friends Meet—A regular meeting of the Chosen Friends of the Grumb Sinn company will be held in O'Dell's Hall, 10th and Broadway street, tomorrow evening at 8 o'clock. Those who are interested in the company are all requested to turn out as the September meeting is the last of the season.

St. George's Society—St. George's society is to meet this evening at eight o'clock in the Court Room, 251 Jasper avenue east. There will be an extensive meeting in the lodge room at 730.

To Confer Degrees—Lodge No. 2404 of the L. L. will confer the 25th degree on the 26th inst. at 8 o'clock in the Court Room, 251 Jasper avenue east.
